Laying the foundation stone of 10 projects including petrochemical complex

'Petrochemical Complex' worth more than Rs 50 thousand 700 crore

The project is expected to be completed over a period of 5 years.

The implementation of this project is likely to bring a revolution in industrial development in Madhya Pradesh and Bundelkhand region.

BPCL is also expected to attract substantial investment from downstream industries dependent on petrochemical products.

This initiative will bridge the shortage of petrochemical products in line with the 'Atmanirbhar Bharat Mission', which will also result in saving of foreign exchange.
