BRICS and Africa: Partnership for Mutually Accelerated Growth, Sustainable Development and Inclusive Multilateralism

22 AUGUST 2023, JOHANNESBURG, SOUTH AFRICA

BRICS of
Expansion

The BRICS grouping of India, Russia, China, Brazil and South Africa has expanded. The Johannesburg Summit of BRICS announced the inclusion of six new countries Argentina, Egypt, Ethiopia, Iran, Saudi Arabia and the UAE.

These countries will join the group from January 1, 2024. After this expansion, the share of BRICS countries in the global gross domestic product (Global GDP) will be 26 percent.

The expansion of BRICS aims to emerge as a counterweight to the Western-dominated global order.

The theme of the 15th BRICS Summit is "BRICS and Africa: A Partnership for Mutually Accelerated Growth, Sustainable Development and Inclusive Multilateralism".

BRICS is an acronym for the grouping of the world's leading emerging economies – Brazil, Russia, India, China and South Africa.

In 2001, British economist Jim O'Neill coined the term BRIC to describe the four emerging economies of Brazil, Russia, India and China.

The grouping was formalized during the first meeting of BRIC Foreign Ministers in 2006.

In December 2010, South Africa was invited to join BRIC, after which the grouping adopted the acronym BRICS.

The chairmanship of the Forum is rotated annually among the members, as per B-R-I-C-S.

India hosted the chairmanship of the 2021 BRICS summit.
