

YOGANSHU PATEL

PROFILE

A young enthusiast Agricultural Engineer and aspiring civil servant, just given UPSC Mains 2020 with Political Science as my optional. I do not want to distract from studies as the best way to utilize my time and talent for something constructive. Therefore I am looking for an opportunity to put some amount of time and hard work to give the best results and also to reinvigorate and refine my analytical skills.

HOBBIES

Photograph

Reading

Music

Writing

Can work as part time: Content writer, content manager, model answer making for both GS & optional, prelims questions making, teacher, educator, proofreading, online teaching, etc

Exams cleared : UPSC CDS, UPSC Prelims, Afcats, etc.

EDUCATION

Bachelor of Technology – Agricultural Engineering from Jawaharlal Nehru Krishi Vishwavidyalaya (2015-2019)
2011-2014

It provided me diverse opportunity to immerse myself into the basic and real problems of agriculture in India and how technology can enhance and accommodate itself with customized changes in Indian environment to provide a sustainable and climate resilient agriculture solution. It has given me field and onsite training modules at the end of each year at different Central institutes like ISRO, etc.

School – Spring Day Higer Secondary School

Higher secondary (10+2) = 83.8% - 2014

High school (10th) = 79% - 2012

SKILLS

- Good command over languages – English, Hindi.
- Issue based analytical skills for GS papers, can link static with current issues/news to help segregate what is relevant for exam.
- Tech savvy and always do things in innovative manner.
- Efficient working with limited resources giving maximum output.
- Well versed with MS Office – Word, Excel, PowerPoint, etc.
- Basic knowledge of Programming languages like C, Python, etc.
