part of the functions of government.

Both Public and private school play important role in providing education to the masses. But in some cases private schools are not contributing sufficiently in this field.

It is necessary to control private schools because-

(i) to control fee hike - Private schools sometimes

Date

- private schools because-
- (i) to control fee hike - Private schools sometimes see education as a business, which needs control
  - (ii) provide opportunity to all - private schools are also called schools of elite section, which needs to be changed.
  - (iii) Implement article 21A - private schools needs to implement article 21A & abide by the law
- To improve the situation & to deal with private schools, ~~we can~~ government can-
- (i) Better implementation - better implement the law, and make offences seriously punishable
  - (ii) awareness among masses - if people will know about their rights, then only they will be able to ask for it.

*Please write conclusion*

**F4**

Private schools are important for educational system of India and their contribution is required.

D) ~~To build~~ It is rightly said that to build a multistorey building, the foundation should also be ~~as~~ strong. This is rightly said in the educational building also, as

*write Constitutional position for primary education*

Date

primary education is the foundation of this building.  
 The need for primary education is-

- (i) foundation of education - primary education is the foundation of any education system

(i) foundation of education - primary education is the foundation of any education system in the world.

(ii) introduction to concepts - children are introduced to many concepts in this stage, which elaborates further.

Being so important, primary education faces many challenges as -

(i) absence of good teacher - In many surveys, it is found that the teachers themselves are not educated enough.

(ii) student-teacher ratio - it is prescribe to be 1:40, but it exceeds beyond that.

These problems can be solved if -

(i) timely recruitment - Teachers are recruited timely

(ii) better infrastructure - improved infrastructure and conditions will motivate learners to study.

Primary education needs to be treated importantly and government is working in the direction.
